Your Industry Expert and Trusted Resource

Kendrick Consulting LLC (KCLLC) specializes in engineering and regulatory compliance consulting to the oil and gas industry, including pipeline facilities, refineries, and terminals.

I founded KCLLC in 2004, after earning a reputation among my peers in the industry as a leader in the fields of pipeline integrity, regulatory compliance, and risk management.

Our mission is to assist small and large pipeline operators in achieving compliance with state and Federal requirements. We are committed to meeting every client's expectations of service in a professional, cost-efficient, and company-specific manner.

*Let us know how we can
support you.*

Andrew W. Kendrick, Principal

Why KCLLC?

Our clients view KCLLC as their hands-on consultant and valued business partner, not just another contractor. We do work that reflects how your company does business – your operational challenges, corporate philosophy, and risk management approach.

■ Technical Specialization

Whether you need a reliable extension to fill a compliance niche or additional training for your team, we're your extra helping hands, your critical eyes, and your trusted counsel for any situation.

■ Customized Solutions

KCLLC's expert consultants work directly with your personnel to develop company-specific solutions designed for immediate application and longevity of use.

■ Audit Support

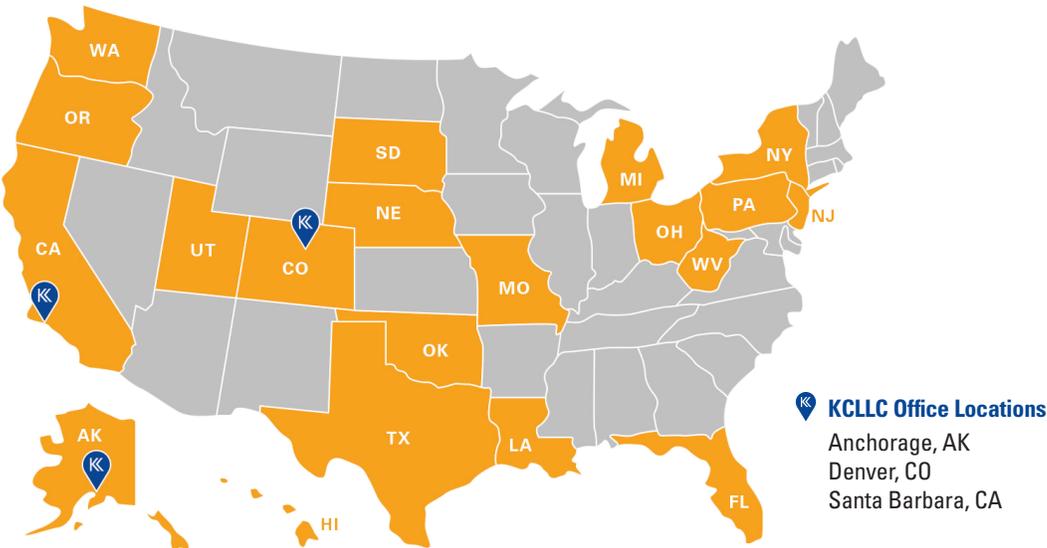

With the oversight of 30 successful federal and state audits for our clients, our hands-on presence ensures you are covered before, during, and after inspections.

■ Industry Connections

Our team provides insight on current changes and developments in the industry, and maintains relationships with PHMSA and state officials as well as leading software and tool vendors.

Our Clients

KCLLC has worked for clients in 20 U.S. states and counting.

Did you know these national pipeline facts?

70%

of crude oil and petroleum products are shipped by pipelines

2.7M

number of liquid and natural gas pipelines regulated by PHMSA

708

pipeline accidents/incidents reported in 2015

Our Management Team

Andy Kendrick, Principal/Founder
Anita Cuevas, Principal

KCLLC's principals Andy Kendrick and Anita Cuevas have over 40 years of combined experience in oil and gas regulatory compliance and risk management.

Both principals have presented or served as panel experts at over 12 national conferences.
